basic rate and higher rate bands before savings income (mainly interest). Scottish taxpavers are taxed at different rates on general income (see below).

To the extent that savings income falls in the first £5,000 of the basic rate band, it is taxed at nil rather than 20%.

The PSA taxes interest at nil, where it would otherwise be taxable at 20% or 40%.

Dividends are normally taxed as the 'top slice' of income. The DA taxes the first £2.000 of dividend income at nil, rather than the rate that would otherwise apply.

- First-time buyers purchasing a property of up to £500,000 pay a nil rate on the first £300,000 of the purchase price.
- A 2's supplement applies where the property is bought by certain non-UK residents.
 A rate of 15% may apply to the total purchase price, where the property is valued
